

Statement

This certificate confirms that the file identified below existed in the recorded state at the timestamp shown and can be independently verified using the public verification link.

Document information

File name: sample-client-document.pdf

File size: 3260 bytes

Timestamp information

Created (UTC): 2026-02-20 18:18:38Z

ISO-8601: 2026-02-20T18:18:38.1269186

Proof ID: 814a4a886fa54a23b09b4ce78ac289a8

Cryptographic fingerprint (SHA-256)

Any modification to the original file produces a different fingerprint.

Verification

Use the QR code or the link below to verify this proof.

Verification URL

<https://docproof.app/verify/check/814a4a886fa54a23b09b4ce78ac289a8>

Verification is performed by re-uploading the original file and comparing its SHA-256 fingerprint.

Data retention

DocProof does not store your original file. Only the fingerprint and proof metadata are stored.
